CHANNEL PARTNERS

We work closely with our network of Channel Partners, usually IT support or phone system maintainers, to deliver a full service package to our mutual customers.

HighNet are responsible for the lines and connectivity, up to the Network Termination Equipment (NTE e.g. phone line socket) installed onsite, as well as any managed routers/ equipment for VoIP phone systems that we have supplied.

Depending on the solution that is being provided, our Partner may put in their own equipment (e.g. ISDN or SIP PBX, firewalls etc.) which will be covered by a separate agreement with the Partner direct.

FULFILMENT AND ASSURANCE

BUSINESS HOURS

08:00 - 17:30 Monday to Friday

24/7 support for emergency faults

FAULT REPORTING

You can report a fault with HighNet at any time. During working hours your call will be handled by the relevant team. Out of business hours your call will be taken by the on-call Support Technician, who will endeavor to respond with an update within 1 hour.

ORDER PROCESS

All orders received (and either accepted or rejected) then processed by the HighNet Provisioning Team as soon as is reasonably practical, however this is usually within 24 hours of receipt.

SERVICE LEVEL AGREEMENTS

There is a specific SLA document for Ethernet products. If you have any queries about any other products please contact HighNet Account Management.

Late morning appointments from 10:00-12:00 and early afternoon appointment slot from 14:00-16:00, available Mon-Fri and discounted Named Engineer (48hrs notice for Named Engineer)

** In the event that a visit to the End User premises is required in the Highlands and Islands for a Level 4 fault Openreach will make all reasonable efforts to make an engineer available within the 6 hour period. However, it must be noted the availability of the engineer can depend on travel constraints outside Openreach's influence, such as ferries to the remote Scottish islands.

BILLING

You will be invoiced on the 1st day of the month. Payment will then be collected on the 15th day of the month, or as close to these dates as possible.

HighNet offers a free of charge, value-added service to all customers known as “WebaBILLity”. It is an easier way to manage your HighNet services. Accessed via the HighNet website, WebaBILLity allows you to actively monitor and manage your telephony services account at any time of day without the need to contact us directly, as well as:

E-alerts facility with early fraud warning

COMPLAINT HANDLING

We make every effort to ensure that our customers are happy with the level of service, as well as the products that they receive from us. However, despite our best efforts, things can go wrong. We take customer complaints very seriously and aim to resolve them quickly and efficiently.

If you have a complaint about any part of our service, please contact our Account Management Team using one of the following:

By phone: 0345 450 4502

By email: info@highnet.com

By letter: HighNet, Cradlehall Business Park, Inverness, IV2 5GH

If you call us, our advisors will ask you about your complaint and seek to resolve the problem while you are on the line. During any discussions we will protect the privacy of the information that we hold on you. To do this we may have to ask you questions to confirm that we are speaking to the right person.

If you make your complaint by email or in writing, we will acknowledge receipt, advise how and when we will next respond and provide you with a contact point for checking progress on the resolution of your complaint.

We will try to resolve your complaint quickly and efficiently, and to keep you informed at all times. We normally aim to resolve complaints within 7 days but, depending on the nature of the complaint, this is not always possible. However, if you are not happy with progress in resolving your complaint you can ask the person to whom you are speaking to escalate the matter to their manager, and ultimately to the Managing Director. If we cannot resolve the problem, we will write to you to say so.

If it has been more than 8 weeks from the date you first contacted us to complain or you have received a letter from us saying that your complaint has reached “deadlock”, then you may ask for help from:

Ombudsman Services: Communications
PO Box 730
Warrington

Tel: 0330 440 1614

Email: enquiries@os-communications.org

Website: www.ombudsman-services.org

Ombudsman Services is an independent organisation which is approved by Ofcom to provide an alternative dispute resolution (ADR) service. Ofcom-approved ADR services sort out disputes between communications providers and their consumer and small business customers. Their job is to investigate complaints fairly by listening to both sides of the story. They look at the facts given to them before recommending any action that may be needed to put things right.

Alternatively, if at any time you are not satisfied with the progress of your complaint you can ask us to agree an early referral to ADR (i.e. that we issue a deadlock letter). However, we may decline to do so if we believe we will shortly resolve your complaint and are taking active steps to do so.
